**Question:** Can I use my current South Dakota Medical Cannabis card as a form of identification for my renewal application?

ARSD 44:90:02:04(2) requires a photocopy of an unexpired form of identification acceptable for voter identification and therefore, a medical cannabis card is **not** an acceptable form of identification.

What are the acceptable forms of ID for medical cannabis applications?

- A South Dakota driver’s license or nondriver identification card.
- A passport or an ID card, including a picture, issued by an agency of the US government.
- A tribal identification card, including a picture. Or,
- A current student identification card, including a picture, issued by a specified educational institution located within the State of South Dakota

#### **\*\*REMINDERS:**

- Be sure to verify your personal information, including correct spelling of ***name, birth date, address, etc.***, prior to submitting your application.
- When submitting your headshot, be sure that the photo is clear, there is a plain white background, and your face is not covered. We cannot accept a photo with sunglasses or with a filter over it.
- All reprint cards require a fee of \$20.
- If there is a mistake on your card, reach out to the OMC by emailing [MCQuestions@state.sd.us](mailto:MCQuestions@state.sd.us).
