

SOUTH DAKOTA MEDICAL CANNABIS PROGRAM

600 EAST CAPITOL AVENUE
PIERRE, SD 57501-2536

“MC MINUTE”

12/07/2023

Tidbit for the day:

When a caregiver makes a purchase for a patient, the patient’s identification number should be entered for the sale, **not** the caregiver’s number, because caregivers do not have an allotment.

Practitioners

- Do not create an email on behalf of a patient for their account credentials. Patients must be able to access their email that is listed on their account credentials in the case of lost or stolen cards.
- When certifying renewals, you must create a whole new certification. Do not change the dates of the original certification.

Patients

- Set up your account on the patient portal. Do not have your provider do this for you. Errors occur then you cannot access your account.
- Be sure to double-check that your birthdate is correct before submitting your application.
 - Use an email that you can access for your account credentials.
- Check your spam/junk mail for the email regarding your patient portal log-in.

Establishments

- Establishments must have an updated Form E with each renewal. The date on the signature must be within the last 12 months.
- Beginning in 2024, there will be an updated checklist posted on the website for renewal requirements. Please be on the lookout for this.

Our website got a facelift, be sure to check it out! <https://medcannabis.sd.gov/>
